What to expect?

In the scope of **improving the efficiency and the hosting capacity of distribution networks**, in a context of highly distributed renewable generation RESOLVD is introducing flexibility and control in the low voltage grid.

6 short pitches presenting the main exploitable outcomes of the project

4 interesting demos to provide deeper insight to selected RESOLVD solutions

Opportunity to engage with RESOLVD team for further collaboration

Why e-Demo day?

Why online event?

- Face-to-Face meeting is not possible
- Reach of broader audience
- Sustainable way of operation

Why Demo day?

- Public funding – public results
- Exploitation enhancement
- Impact creation
